Persons Involved (full and complete name known) Duke Kenilworth (deceased)			
Vehicle Information N/A	Make/Model/Year/Color/Style/etc. N/A	License # N/A	State N/A
Investigation Report			
<p>10/26/07 23:23 - Called to the scene after 911 call reporting high school student collapsed, and possibly unconscious</p> <p>10/26/07 23:28 – Arrived on scene. Controlled and assessed scene. Witnesses identified unconscious student as Duke Kenilworth. Body does not appear to have been moved or compromised. I detected a strong odor of alcohol from the victim's person. Witnesses described that Kenilworth had complained of a headache and dizziness before vomiting and collapsing. Victim appears to have collapsed due to AOD; classic signs. There appears to be no recent outward signs of physical trauma to victim or evidence of physical disturbance in the vicinity. Will wait conclusions of autopsy. Body lying on ground near pavilion area of park. No obstacles nearby to cause fall. Noted a beer mug engraved "Duke" tipped over on the ground approximately 6 1/2 inches from the right hand of the body. Called for EMTs and back-up officers. Attempted CPR on Kenilworth. Unresponsive.</p> <p>10/26/07 23:35 EMTs and Back-up officers arrive. EMTs unsuccessfully try to revive Kenilworth. In the meantime, I instructed officers to process the young people present for underage drinking, and arrange for their parents to pick them up. All students present were fingerprinted.</p> <p>10/26/07 23:38 Kenilworth pronounced dead by EMTs. Body transported to morgue.</p> <p>10/26/07 23:45 Interview witnesses regarding activities surrounding the incident. Appears to be hazing of underclassmen by upper classmen at Elite Preparatory High School. Noted trough filled with mud. Also noted one student covered in feathers. Beer kegs noted in back of pavilion. Interviewed witnesses regarding victim's consumption of alcohol. Various reports, but ranged from eight to ten 12-ounce beers in the course of an hour. Hazing chair of social club, <i>Carpe Diem</i>, identified as Austin Tayshus. Five beer mugs with names engraved retrieved and placed in evidence room.</p> <p>10/27/07 01:14 - Interviewed Austin Tayshus; recorded statement.</p> <p>10/30/07 Toxicology report received; BAC of decedent is .32%</p> <p>10/31/07 – Autopsy results received. Corner Wright concludes death caused by alcohol poisoning.</p> <p>10/31/07 – Case closed.</p>
