

The Inaugural Indiana High School Mock Trial Middle School Division Competition will be held on December 2, 2006, in Indianapolis, Indiana. The goal of our Middle School Division is to introduce students to Mock Trial in a less intimidating atmosphere designed for their level of competition. The Middle School Division is a “scaled back” version of the High School Program. It involves a less complicated case, less complicated attorney roles, and a round-robin style of tournament play. (Please refer to the Rules of Competition for a complete explanation of the tournament rules.) We hope you will join us in making this program as successful as our High School Program.
